**OUR WAY OF LIFE IS FUELLED BY OUR ADDICTION TO RIDE. WE VALUE EACH SESSION, ADVENTURE AND DISCOVERY. BUT MORE THAN ANYTHING IT'S ALL ABOUT GIVING BACK TO YOU, OUR CUSTOMER THROUGH OUR PRODUCTS THAT WE DEVELOP AND CREATE EACH YEAR. OUR TEAM IS INVALUABLE AND EVERY YEAR WE ARE GREETED BY TECHNICAL KNOW-HOW AND FRESH PERSPECTIVES. OUR COMBINED EXPERIENCE FACILITATES THE BRAND AND ITS PRODUCTS TO EVOLVE WITHIN THE RANGE, OR CREATE NEW CONCEPTS MAKING SURE FANATIC KEEPS LEADING THE WAY IN OUR SPORT.**

## WE ARE FANATIC

Founded in 1981, our brand represents over three decades of history. Trailblazing through our innovation, design and CAD platform we're proud of the reputation we've achieved as one of the world's leading watersports brands. From our champion team riders and ambassadors, to our R&D and in-house design team, we're able to ensure only the best from Fanatic.

## WHAT WE STAND FOR

We have an ecological responsibility and are dedicated to cleaner, greener ways of making new boards with our Ocean Minded spirit.

Our R&D is a continuous process. By testing in different locations around the world throughout the year, we are able to deliver boards that will feel right at home wherever you take them. Our dedication gives us the confidence to say that Fanatic boards are the most advanced on the market.

## FOR 2018 ...

Our entry Pure Air inflatable range is designed for everyone in mind. Economically priced, easy to transport, stable and progressive it's pure fun for all the family. For those looking for an adaptable ride, the Pure Air WS allows for both SUP and Wind-surf with straightforward and easy to use features for a fast setup. Most importantly, the next generation of rippers can relish in the inflatables we've designed especially for them. Light, durable, and above all forgiving, we know they'll be proud of their very own toy!

What's more fun than working out on water? Our Fly Air Fit is the ultimate platform for all forms of fitness. From yoga to pilates and strength training, you'll be surprised how taking your programme to the water will accelerate your progression. For those more inclined to hit the pool, the new Fit Mat is for you. Compact, easy to transport and with intricate design features to enhance your training, we guarantee you'll be stoked after each session.

## WAVE

Taking the fun on your travels has never been so easy! Inspired by our most versatile, surf-style Waveboard, the Stubby Air's parallel rail concept, squashed outline and impressive volume presents a creative ride full of drive, slash and snap! Easy to transport in a stylish backpack, the mastfoot insert, Power Pump HP2 and Double Layer Light technology make this package the coolest on the market.

STUBBY AIR  
MORE INFORMATION ON PAGE 30

## ALL-ROUND

Fun, functional and fulfilling, the Fly Air range works for everyone! As the most durable and high quality iSUP on the market, the ever-popular Fly Air comes in four fab sizes, 9'0", 9'8", 10'4" and the super floaty 10'8", as well as three quality constructions; Double Layer Light, lightweight Stringer technology and the new Pure technology (10'4" only).

The Diamond Air is our female specific inflatable board. At 9'8" this super stable and smooth all-rounder has great glide, effortless steering and is available in our lightweight Stringer technology.

Ambitious groms can get their groove on with the Ripper Air. User-friendly, forgiving and lightweight, it's the perfect companion for all their future adventures.

FLY AIR, PURE AIR, DIAMOND AIR, RIPPER AIR  
MORE INFORMATION ON PAGE 34, 36, 38 AND 64

## TOURING

Discovery and adventure has never been more exciting than with our inflatable Touring range!

The Ray Air is the ultimate cruiser that's easy to paddle, fast and designed for your comfort. Available in 11'6" and 12'6", the optimised thickness offers outstanding rigidity and stability on the water, whilst 2 widths in both lengths cater for all sizes and needs. Choose from our lightweight and durable Stringer technology, as well as our Premium Double Layer Light construction, or our unbeatable value/weight Pure technology (11'6" only), all neatly packed in an easy to transport backpack.

Ladies! The Diamond Air Touring is a glamorous ride with all the performance features to enhance your paddling experience. At 11'6", the super stable platform has an integrated deck net to keep you and your goodies dry wherever you choose to go, plus the wheeled backpack and windsurfing option make it a unbeatable package!

For the kids, we've got the ultimate vessel for trips and excursions. Designed with their every need in mind, the Ripper Air Touring is lighter and more durable than ever, with a windsurfing insert to boot. At 10'0" it's stable, soft and everything they need in one neat kit bag!

RAY AIR, PURE AIR TOURING, DIAMOND AIR TOURING, RIPPER AIR TOURING  
MORE INFORMATION ON PAGE 42, 44, 46 AND 64

## RACE

The Falcon Air comes in a 'ready to race' package built for speed. Available in 12'6" and 14'0" choose between the two widths of 26.5" and 29". The new silicon rail edges provide better release and reduce drag, whilst our high-tech Double Layer Light technology make these boards premium racing machines.

FALCON AIR  
 MORE INFORMATION ON PAGE 50

## FIT

Challenge yourself and take your workout to the water with our Fly Air Fit. At 10'6" x 34", its fully loaded volume, extra large dimensions and super comfortable deck create the perfect platform for your training.

Connect up to 8 friends to the Fly Air Fit Platform. The Multiple high quality eyelets create a solid and secure connection when working out.

Rounding off our ›workout on water‹ range is the brand new Fit Mat. With a compact length for smaller pools, it comes with plenty of straps and belts to progress your training.

FLY AIR FIT, FIT MAT, FLY AIR FIT PLATFORM

## RIVER

Go with the flow and hit the river with our Rapid Air and Rapid Air Touring! These bulletproof designs are built for the exciting conditions encountered when heading downstream. From shallow streams to boiling white water rapids, the stable and streamlined outline, huge volume, and HD mini Quad fin setup deliver good glide for easy distance and manoeuvrability.

RAPID AIR, RAPID AIR TOURING  
 MORE INFORMATION ON PAGE 60

## WINDSUP

Our 2018 WindSUP collection is by far the most desirable. Ideal for schools, clubs, kids, adults and family fun, the diversity of these boards are what makes them magic. Stable and forgiving their non-planing glide builds confidence on the water, whilst the all-in backpack ensures a quick and easy setup. Switch from SUP to Windsurf depending on the conditions and enjoy what the wind and water has to offer. New for 2018 are the budget friendly Pure versions!

VIPER AIR WINDSURF, VIPER AIR WINDSURF PURE, RIPPER AIR WINDSURF PURE  
MORE INFORMATION ON PAGE 68, 70

## BIG FUN

Nothing quite beats sharing the thrill of doing something together which is why we created our Big Fun collection.

SUP lovers and windsurf enthusiasts will get equal enjoyment out of our Tandem iSUP. Its ultra long outline provides good glide, great stability and flotation, as well as plenty of space for two people including two windsurfing rigs.

Tested in the toughest waves of Hawaii and Australia, the Fly Air XL takes up to 7 people and can be used at your local break for super fun surf, or on flat water and for river tours. The Fly L is the XL's younger brother, and with 1330l of volume, up to 5 people can hop on and enjoy the fun!

TANDEM AIR, FLY AIR L, FLY AIR XL

**POWER PUMP HP5**: Triple action for extra quick inflation

**RIPPER AIR WINDSURF PURE**: Our lightest kids iWindSUP ever

**FLY AIR L, XL & FIT PLATFORM**: New extra strong HD 200 technology

# TECHNOLOGY 2018

ALICE ARUTKIN

2018

## DL LIGHT: DOUBLE LAYER LIGHT TECHNOLOGY

STUBBY AIR, FLY AIR PREMIUM, RAY AIR PREMIUM, FALCON AIR

- 1 Extra rail-band reinforcement
- 2 Second thin PVC rail layer
- 3 First PVC rail layer
- 4 Diamond grooving footpad
- 5 Light and printed Tarpaulin layer
- 6 First Tarpaulin layer
- 7 V-Drop Stitch core

The Double Layer Light technology is our Premium construction. Featuring a second PVC layer, which is welded directly to the core layers and around the V-Drop Stitch material – the heart of each Fanatic Inflatable. An additional third layer of coloured rail bands round off the highly durable and premium quality, with stylish optics of the deck print.

The benefits of the Double Layer Light construction when compared to the standard Double Layer technology is a 20 – 25% reduction in weight, and around 25 – 30% increase in stiffness. Simply the best inflatable technology out there!

## STR: STRINGER TECHNOLOGY

FLY AIR, DIAMOND AIR, RAY AIR, DIAMOND AIR TOURING, FLY AIR FIT

- 1 Second PVC rail layer
- 2 First PVC rail layer
- 3 Diamond grooving footpad
- 4 Strong Tarpaulin Stringer
- 5 First Tarpaulin layer
- 6 V-Drop Stitch core

Utilising the best Drop Stitch material available on the market, our Stringer technology provides an outstanding durability/weight/price/performance ratio with its centre stinger keeping the shape strong and stiff, while reducing weight and price at the same time.

## PURE: DROP STITCH LIGHT TECHNOLOGY

PURE AIR, PURE AIR TOURING, RIPPER AIR, RIPPER AIR TOURING, RIPPER AIR WS PURE, VIPER AIR WS PURE, FIT MAT

- 1 First PVC rail layer
- 2 Second PVC rail layer
- 3 Diamond grooving footpad
- 4 Strong Tarpaulin layer
- 5 V-Drop Stitch core

Our single layer Drop-Stitch Light technology provides a quality construction without reaching deep into your pockets. Still produced at one of the world's most renowned manufacturers, this inflatable technology is created with top quality materials and production standards you'd expect from Fanatic.

# TECHNOLOGY 2018

## DL HD: DOUBLE LAYER HD (HEAVY DUTY) TECHNOLOGY

VIPER AIR WS, RAPID AIR, RAPID AIR TOURING, TANDEM AIR

- 1 Extra rail-band reinforcement
- 2 Second PVC rail layer
- 3 First PVC rail layer
- 4 Diamond grooving footpad
- 5 Strong and printed Tarpaulin layer
- 6 First Tarpaulin layer
- 7 V-Drop Stitch core

Built to last, our Double Layer (HD) technology is an inflatable construction for heavy-duty usage. The triple layer rail construction ensures incredible stiffness and durability. Stiffness and performance is guaranteed, as the Double Layer HD technology can take more than 20PSI of air pressure if needed.

## HD 200 TECHNOLOGY

FLY AIR L, FLY AIR XL, FLY AIR FIT PLATFORM

For our large models carrying a group of people we're using our special extra thick and extra durable Single Skin HD technology, with new ultra strong double layer bottom (Fly Air L and XL). With additional layers on the rail plus stabilizing rail bands for extra stiffness, our oversized special models are of similar rigidity as our smaller Premium iSUPs, while carrying multiple riders.

# STUBBY AIR WAVE

ART. NO.: 13700-1130

THE STUBBY AIR IS OUR WAVE TOY SUITED TO TRAVELLERS. INSPIRED BY OUR STUBBY LTD COMPOSITE VERSION, IT COMBINES EASE OF USE WITH DIRECT RESPONSIVENESS MAKING IT THE NEXT LEVEL ISUP.

The Stubby Air presents a parallel rail concept with wide nose and tail sections, and a squashed outline. The stylish double diamond tail with a 2+1 fin setup gives extra hold, drive and snappiness to the board so you can get creative. Produced in our high tech Double Layer Light technology with its incredible stiffness/weight ratio, the Stubby Air reacts in an instant. Charged with volume, the ride is perfectly balanced and accommodates any size of rider with ease. Convenient transportation with our Wheely Backpack, whilst our Fanatic Power Pump HP2 caters to a quick and easy setup. A mastfoot insert for optional windsurfing rounds off the tremendous range of use.

## KEY FEATURES

- › Parallel rail concept wave outline and double diamond tail
- › Double Layer Light technology, for 20 – 25% reduction in weight combined with significantly higher stiffness
- › Top quality/durability – best inflatable SUP construction out there
- › Produced at the world's most renowned manufacturer with best materials and production process
- › Unmatched air pressure/stiffness ratio
- › Full deck/base quality printing and rail design for superior optics
- › Thruster fin setup with removable Center fin
- › Diamond grooving footpad for ultimate grip and comfort
- › Comfy carrying handle
- › Premium Wheely Backpack for effortless packing/transportation
- › Fanatic Power Pump HP2 for fast and comfortable inflation
- › Mastfoot insert for windsurfing option

# FLY AIR

## ALL-ROUND

ART. NO.: 13700-1131 (STRINGER), 13700-1132 (PREMIUM)

THE FLY AIR IS THE ULTIMATE TOY THAT EVERYONE CAN ENJOY. EASY TO CARRY, STRONG, STIFF AND DURABLE, OUR NEATLY PACKED FLY AIRS INFLATE INTO FOUR FINELY TUNED SHAPES FOR FLAT WATER FUN AND SMALL SURF ACTION.

Inspired by our popular Fly composite range, the Fly Air is the convenient answer to limited storage, city life and travellers' demands. The all-round, Longboard style outline offers a great mix of glide, stability and all terrain versatility. Optimized thickness provides outstanding rigidity without additional air pressure, whilst the extra volume caters to those looking for an even easier ride. The Fly Air comes in four sizes, 9'0", 9'8", 10'4" and 10'8". Additional Side fins supply extra grip when catching little waves. To outline our leading standards in terms of quality, design and durability, we offer two constructions; our lightweight Stringer technology and Premium construction with Double Layer Light technology/additional third layer rail bands. This is the best inflatable construction available on the market with an incredible stiffness/weight ratio. All our Premium Fly Air models feature a mastfoot insert for windsurfing option.

### KEY FEATURES

- › Light and stiff Double Layer Light technology (Fly Air Premium)
- › Lightweight Stringer technology with colour rail reinforcement (Fly Air)
- › Produced at the world's most renowned manufacturer
- › Full deck/base quality printing and rail design for superior optics

# DIAMOND AIR

## ALL-ROUND

ART. NO.: 13800-1133

THE DIAMOND AIR REPRESENTS SURFING SPIRIT AND TIMELESS ELEGANCE FOR FEMALE RIDERS. A GREAT ALL-ROUND PERFORMER, ITS SWEET STYLE AND EASE OF USE IN ALL CONDITIONS ENSURE QUALITY, SIMPLICITY AND LIGHTWEIGHT HANDLING.

The Diamond Air 9'8" is our women specific addition to the Fly Air range. With great attributes of glide, stability and optimized air pressure/stiffness ratio, it's charged with volume for a stable stance. Catering to a wide range of skills, the deck net will keep your bag and shoes safe! Simply inflate with our Fanatic Power Pump HP2, or deflate and store in the practical Premium Wheely Backpack after your session.

As the saying goes, ›A Diamond is forever‹ so we've built the Diamond Air in our lightweight but strong Stringer technology, with additional rail reinforcement.

### KEY FEATURES

- › All-round style shape for all terrain and level of use
- › Lightweight Stringer technology with rail reinforcement
- › Produced at the world's most renowned manufacturer with top quality materials and production process, providing unmatched air pressure/stiffness ratio

# DIAMOND AIR TOURING

## TOURING

ART. NO.: 13800-1136

THE DIAMOND AIR TOURING IS OUR LADIES ISUP FOR THOSE WANTING TO GO ON LONGER ADVENTURES AND EXPLORE. WITH SWEET STYLE AND EASE OF USE, THIS QUALITY GEM DELIVERS EFFORTLESS GLIDE, COMFORT AND LIGHTWEIGHT HANDLING.

The Diamond Air Touring 11'6" is our appealing female member of the Ray Air family. With the same great attributes of ease of use, stability and optimised air pressure/stiffness ratio, it's charged with volume for a stable stance, even a novice will fall in love at first sight. For all you ladies willing to go the distance, the Diamond Air Touring offers all the glide, effortless touring you'd expect from our Ray Air, packed in a new stylish design. Wherever you choose to go, the deck net will keep your bag and shoes safe! Simply inflate with our Fanatic Power Pump HP2, or deflate and store in the practical Premium Wheely Backpack after your session. As a Diamond is forever, we've built the Diamond Air Touring in our lightweight but strong Stringer technology, with additional rail reinforcement.

### KEY FEATURES

- › Streamlined outline for glide and great stability
- › Lightweight Stringer technology with rail reinforcement

# FALCON AIR RACE

ART. NO.: 13800-1137

WHEN IT COMES TO RACING, WE KNOW THAT A LONG AND NARROW WATERLINE, COMBINED WITH A STIFF YET LIGHTWEIGHT CONSTRUCTION IS THE WINNING FORMULA. WITH OUR HIGH-TECH DOUBLE LAYER LIGHT TECHNOLOGY, THE FALCON AIR IS NOT FAR BEHIND THE PERFORMANCE OF OUR CARBON FALCON RANGE; IT JUST COMES IN AN EASY TO TRANSPORT, NEAT AND FUSS-FREE PACKAGE.

Providing race winning machines for all race classes and every size of rider, we're offering the Falcon Air in two lengths of 12'6" and 14'0", each in 2 widths of 26.5" and 29". Produced in our ultra stiff and lightweight Double Layer Premium technology in new racy optics and with new silicon rail edges for better release, the combination of speed, stability and floatation is impressive for such narrow boards. The immense glide and efficiency of the Falcon Air ensures that you are miles in front of the pack when crossing the finish line. Packed in our convenient Wheely Backpack and inflated with the Fanatic Power Pump HP2, travelling and setup are as easy as it gets! The moulded tool-free US-Box Race fin makes the Falcon Air a 'ready to race' package.

## KEY FEATURES

- › Stretched and narrow outline for clean and fast waterline/efficient strokes
- › Double Layer Light technology: 20 – 25% of weight reduction combined with 25 – 30% higher stiffness
- › New silicon rail edges for better release and reduced drag
- › Produced at the world's most renowned manufacturer with top quality materials and production processes, providing unmatched air pressure/stiffness ratio
- › New design based on the Falcon Carbon optics
- › Removable moulded Race fin – no tools needed
- › Comfortable handle and quality towing eyelet
- › Diamond grooving footpad for ultimate grip and comfort
- › Wheely Backpack for effortless packing and transportation
- › Fanatic Power Pump HP2 for fast and comfortable inflation

AIRTON COZZOLINO

# FLY AIR FIT

## SUP FIT / SUP YOGA

ART. NO.: 13800-1152 (BOARD)

TAKE YOUR PRACTICE TO THE WATER WITH OUR FLY AIR FIT! MATCHING THE LATEST TRENDS IN TRAINING SCIENCE, THE FLY AIR FIT PROVIDES A MOVING PLATFORM FOR A NEW, INTENSE AND EXCITING WAY OF BALANCE TRAINING LIKE PILATES OR SUP YOGA.

Our Fly Air Fit offers the ultimate balancing platform for a full body workout to increase strength, core stability and coordination. If it's yoga, press-ups, squats or paddle training, each and every one of your muscles will be engaged. Power and confidence will progress quicker than through any traditional fitness methods – not to mention the added benefits and stress-busting sensations of being out there in the nature. The stretched outline offers great all-round paddling characteristics with superb glide and immense stability for first time paddlers. With its fully loaded volume, the Fly Air Fit is specially designed to keep you up and dry during your practice. The fresh new 2018 optics are neatly integrated in the huge comfortable deck pad. Stay together and connect to your training mates through multiple eyelets, or attach your board to our complimentary Fly Air Fit Platform, which takes up to eight boards.

### KEY FEATURES

- > All-round style and shape for good glide
- > Great for all skill levels and water conditions
- > Extra large dimensions for an uninterrupted workout
- > Lightweight Stringer technology
- > Removable fin, no tools needed
- > Multiple high quality eyelets to attach your board
- > Large deck pad for ultimate grip and comfort
- > Convenient handles for carrying and the use of power bands
- > Premium Wheely Backpack for effortless packing/transportation
- > Fanatic Power Pump HP2 for fast and comfortable inflation
- > Special straps/deck net for storing your paddle during workouts

# FIT MAT

## SUP FIT / SUP YOGA

ART. NO.: 13800-1153

OUR BRAND NEW FIT MAT PROVIDES A MOVING PLATFORM FOR A NEW, INTENSE AND EXCITING WAY OF BALANCE TRAINING. PERFECTLY SIZED FOR POOLS, YOU CAN TAKE YOUR WORKOUT TO THE WATER ALL YEAR AROUND.

The Fit Mat rounds off our range of SUP Fit and SUP Yoga products and is specialised for the use in indoor and outdoor pools. The ultimate balancing platform for a full body workout to increase strength, core stability, improved proprioception and coordination. If it's yoga, press-ups or squats, each and every one of your muscles will be engaged. Power and confidence will progress quicker than through any traditional fitness methods. With its dimensions of 8'2" x 36" and loaded with volume, it is specially designed to keep you up and dry during your practice, but takes up minimal space. Produced in our incredibly lightweight Drop Stitch Light technology and stored in our convenient Fit Mat bag the transport and storage is as easy as it gets!\*

### KEY FEATURES

- > Extra wide for an uninterrupted and dry workout
- > Compact length to fit smaller pools
- > Fits perfectly in a separate lane of the pool
- > Super lightweight Drop Stitch Light technology produced at the world's most renowned manufacturer with top quality materials
- > Extra large deck pad for ultimate grip and comfort
- > Convenient handles for carrying and the use of power bands
- > Deck net to attach training equipment or drink
- > Fit Mat bag for smart packing and transportation

\*Please note – Fit Mat comes without pump!

# RAPID AIR RIVER

ART. NO.: 13800-1143, 13800-1144 (TOURING)

PADDLE AND RAFT THROUGH RIVERS, STREAMS, RAPIDS AND BOILING WHITE WATERS WITH OUR RAPID AIR MODELS! BULLETPROOF, SUPER STABLE AND EQUIPPED WITH ULTIMATE TURNING PERFORMANCE, THIS IS THE TOP CHOICE FOR THE EXPLORER LOOKING TO FIND SURF FAR AWAY FROM THE OCEAN.

The new editions of our Rapid Airs are designed to take anyone from the first time paddler to experienced rider onboard. Enjoy its floaty feel as you slip and slide down a stream, or surf down big boiling white waters. With a width of 36" and 315l volume, you'll be sure to stay on board when the going gets rough. The new version of our Rapid Air features an optimised nose shape and fine tuned fin positions of the 4 small HD fins, allowing tight turning and the crossing of shallow sections. The Rapid Air Touring is the longer and more streamlined equivalent, built for distance, rivers and touring enthusiasts. Built to last, the Double Layer HD technology with additional rail reinforcement makes these iSUPs ultra robust. The fresh new optics with shaded grippy deck pad are designed to withstand the muddy river environments. The two Rapid Air models come with our Wheely Backpack including the Fanatic Power Pump HP2 for quick inflation.

## KEY FEATURES

- > Wide compact shape for extra stability / manoeuvrability in streams / wild waters (Rapid Air)
- > Stable and streamlined outline with good glide for easy distance in smoother rivers (Rapid Air Touring)
- > HD Mini Quad Fin setup for quick turning and shallow waters
- > Additional removable Center fin for better tracking (Rapid Air Touring only)
- > New full deck / base printing / rail design
- > Diamond grooving footpad for ultimate grip / comfort in shady colour
- > Multiple comfy carrying and safety handles, deck net to attach equipments
- > Quality stainless eyelets to attach leash or lines for safe portaging
- > Wheely Backpack for effortless packing and transportation
- > Fanatic Power Pump HP2 for fast inflation

# RIPPER AIR

## RIPPER AIR TOURING

### KIDS ALL-ROUND / TOURING

ART. NO.: 13700-1138 (ALL-ROUND), 13700-1140 (TOURING)

OUR TWO KIDS ISUPS – RIPPER AIR AND RIPPER AIR TOURING – COME IN NEW OPTICS AND ARE LIGHTER THAN EVER! THE PERFECT COMPANION FOR UP AND COMING RIPPERS, THEY'RE SURE TO KEEP THE YOUNGER GENERATION ENTERTAINED FOR HOURS ON END.

At 7'10", the Ripper Air is the stable all-round inflatable SUP for first timers, and those looking to ride their first small waves. The innovative design makes it especially user-friendly, whilst its incredibly light construction will guarantee that the kids love this little toy.

The 10'0" Ripper Air Touring is our efficient glider for kids. At just 26" wide they'll be leading the pack no matter the distance. The wider tail provides a great deal of stability and balance whilst maintaining playful turning capabilities.

Both Ripper Air models are produced in our light-weight and value-minded Drop Stitch Light technology. Rolled up and stored in our Pure Air or Premium Backback including Fanatic Power Pump HP2, even the youngest of riders can get their own gear to the beach and set it up.

#### KEY FEATURES

- › Super lightweight and value-minded Drop Stitch Light technology with quality materials/manufacturing process
- › Removable Center fin, no tools needed
- › Quality diamond grooving footpad, comfy handle, quality towing eyelets
- › Integrated deck net supplied for storage on deck (Ripper Air Touring only)
- › Fanatic Power Pump HP2 for quick and easy inflation
- › Excellent Wheely Backpack (Ripper Air Touring) or Pure Air Backpack (Ripper Air)
- › Mastfoot insert for windsurfing option (Ripper Air Touring only)

# VIPER AIR WINDSURF ENTRY WINDSUP

ART. NO.: 13800-1148 (PURE), 13800-1149

WITHOUT A DOUBT THE VIPER AIR IS THE MOST DESIRABLE INFLATABLE WINDSUP EVER. IT'S THE IDEAL WATERSPORTS TOY AND GREAT FUN FOR THE WHOLE FAMILY, SCHOOLS AND CLUBS.

Windsurf enthusiasts and SUP lovers are equally stoked with the diversity that the Viper Air Windsurf has to offer. With years of experience in building the best entry level Windsurf boards, we made sure it's spiced with similar characteristics; optimum glide, stable platform, great turning potential and all-round manoeuvrability. New for 2018 we're offering two versions of our popular iWindSUP: Our high quality Double Layer HD technology delivers outstanding stiffness and performance and silicon rail edge for a clean release and our lightweight and economically priced Drop Stitch Light technology with two removable fins at the rear and centre of the board. Our convenient all-in Backpack includes a Fanatic Power Pump HP2 for easy transportation and a quick setup. Safe, straightforward and utterly sensational!

## KEY FEATURES

- > Stretched outline with good glide/plenty of stability/flotation
- > Ideal for the early stages
- > High Quality Double Layer HD technology (Viper Air WS)
- > Silicon rail edges for clean release and reduced drag (Viper Air WS)
- > Lightweight and economically priced Drop Stitch Light technology (Viper Air WS Pure)
- > Removable centre and rear fin (no tools)
- > Comfortable and grippy footpad, towing eyelets/ comfy handle
- > Deck net to attach luggage
- > Excellent Wheely Backpack (Viper Air) or Pure Air Backpack (Pure)
- > Fanatic Power Pump HP2 for quick and easy inflation
- > Mastfoot insert for windsurfing option

# RIPPER AIR PURE KIDS WINDSUP

ART. NO.: 13800-1147

THE RIPPER AIR WINDSURF IS OUR INFLATABLE WINDSUP FOR KIDS. OPENING ALL DOORS TO WATERSPORTS AND ADVENTURE, IT'S PURE JOY FOR KIDS AND PARENTS ALIKE.

The Ripper Air Windsurf is our kid specific, hassle-free toy that will get the next generation of riders out there. Coming in our new lightweight and value-minded Drop Stitch Light technology, kids can enjoy the fun of Stand Up Paddling and Windsurfing with this easy to handle toy. The Ripper Air WS offers a stable platform with great glide and manoeuvrability, as well as being soft and gentle on the knees and elbows. Our light and comfy all-in Pure Air Backpack including Fanatic Power Pump HP2 creates an easy to transport and simple to setup package. Two removable fins at the rear and centre of the board make it easy to switch from windsurfing to SUP for endless versatility.

The Ripper Air Windsurf is the gift that keeps on giving!

## KEY FEATURES
